

# DIVE THE BLUE HOLE IN BELIZE

When God created the heavens and earth He was exceptionally generous with the tiny nation later to be known as Belize. Blessed with both the World's Second Largest Barrier Reef, at 186 miles, and three of the four living atolls in the Western Hemisphere, Belize is a Scuba Diver's Paradise.

From exploring Jacques Cousteau's world-famous Blue Hole to the enjoyment of the undersea wonders of Lighthouse Reef Atoll and the Turneffe Atoll, to the incredible beauty of Hol Chan Marine Reserve and the unforgettable heart-pounding adventure of "swimming with the sharks" at Shark Ray Alley, you'll never see anything like this again.
