The Complete Course

The IDC prepares you to function as an Assistant Instructor or an Open Water Scuba Instructor. Learn dive theory knowledge, watermanship, rescue skills, teaching in confined water, classroom presentations, and teaching in open water.

The IDC can be separated into the Assistant Instructor and the Open Water Scuba Instructor programs. Depending on your goals.

Start here to become a PADI Dive Instructor. Share your passion with others and help them experience the same joy you have for scuba diving.
