

# Discover Bonne Terre Mines

**DIVE TO THE CENTER OF THE EARTH!**

## COME DIVE A PIECE OF HISTORY

This is your chance to have a unique adventure, Bonne Terre Mine, a national historic site, is the world's largest fresh water dive resort. Sights include: mammoth architecture, guaranteed year-round diving conditions.

Cal falls, oar carts, scaffolding, grating, staircases, pillars, slurry pipes, the famed elevator shaft, and much more

### About the Mines:

The mine is illuminated with over 500,000 Watts of lighting from above the water

Visibility is always 100 feet plus

Water temperature is 60° with no thermo-clines

There are many dive tours in the mine and you dive them all sequentially

The average length of the dive is 35 to 45 minutes

Average depth 40 to 60 feet

Open water certification is all that is necessary to dive the mine
