

# DISCOVER BONNE TERRE MINES

## *Come Dive a Piece of History!*

This is your chance to have a unique adventure, Bonne Terre Mine, a national historic site, is the world's largest freshwater dive resort. Sights include: mammoth architecture, guaranteed, year-round diving conditions. Cal falls, oar carts, scaffolding, staircases, slurry pipes, the famed elevator shaft, and much more.

Illuminated with over 500,000 watts of lighting from above the water, visibility is always 100 ft. plus. Water temperature is 60F with no thermoclines.

*Open Water Certification  
is all you need to dive!*

There are many dive tours in the mine and you dive them all sequentially. The average length of the dive is 35 to 45 minutes. Average depth 40 to 60 ft.
